PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, SEPTEMBER 6, 1918

NEWS OF BISHOP BATTERTON'S DEATH REACHES PARIS.

It has fallen to the lot of Mr. Bishop S. Batterton, one of the most popular young men of Bourbon county, to be the first from this county, to make the supreme sacrifice for his country as a result of wounds received in the service on the battlefields of France.

A telegram to his father, Mr. Alfred Batterton, of near Shawhan, yesterday morning from Washington, conveying the sad information that his son had died on July 20 from wounds received in action. The telegram from George Barbet, Major-General Commandant, stated that the body would be entered abroad until after the war. The Commandant said in his telegram: "Please accept my heartfelt sympathy for your great loss. Your son nobly gave his life in the service of his country."

Bishop Batterton was the son of Mr. and Mrs. B. A. Batterton, of near Shawhan. He enlisted in the Marine Corps in May, 1917, and was one of the first American boys to be sent overseas. He was a marksman of rare ability and was the holder of a sharpshooters' medal which he won in a competitive match while at the Paris Island navy yard, in South Carolina. Besides his parents he is survived by three brothers, County Judge George Batterton, of this city, Fred Batterton, now serving his country in the Philippines service, and Roy Batterton, who is engaged in farming near Paris, and by one sister, Mrs. R. R. McMillan, of Paris. Plans are being formed for a public memorial service in honor of the young man who gave his all in the fight for liberty and democracy.

TEACHERS' INSTITUTE

The Bourbon County Teachers' Institute has been in session in the County Court room at the court house this week. The sessions of the Institute were presided over by Prof. J. C. Lewis, of Kentucky Wesleyan College, at Winchester, who was instructor in the advanced work, and Miss Mattie O'Neill, of Catlettsburg, in the primary.

Other speakers who addressed the Institute during the sessions were Prof. L. S. Robbins, of the U. S. Department of Agriculture, Mr. Leon McGilton, State Manager of the Burton Book Company, and Prof. Thos. S. Roberts, of Cornell University. Prof. Roberts has lately returned from a tour of the battlefields of Europe, and brought a message direct from the White House.

County Superintendent of Schools J. B. Caywood, with the assistance of Prof. L. S. Robbins, will endeavor to organize an Agricultural Club in all the schools of the county. The Club organized in the North Middletown school was a great success, this being the determining factor in the organization of the other schools.

NO "FALL OPENING" BUT A BEAUTIFUL MILLINERY DISPLAY EVERY DAY.

We will not have a "Millinery Opening" this fall, but will have on display at all times the most popular advanced styles in millinery of every description. The prices this year are extremely reasonable in view of the advanced prices in all materials used to make them. You are invited to call.

KENTUCKY CONFERENCE IN SESSION AT CYNTHIANA.

The Kentucky Conference of the Methodist Episcopal church, South, opened its ninety-eighth session Wednesday morning at 9 o'clock at the Methodist church, in Cynthiana, with Bishop Collins Denny, of Richmond, Va., presiding. Bishop Denny led the Conference in the morning worship, after which a business session began. The Rev. W. E. Arnold, of the Rev. J. E. Savage and B. C. Horton were appointed Secretaries, and the Rev. F. K. Struve, press reporter.

The Kentucky Conference includes the Bluegrass region and Central Kentucky, and most of the Eastern Kentucky to the Virginia line with a membership of 33,000. There are seven Presiding Elders' districts, 134 pastoral charges and many appointments to college, missionary and other lines of Christian work. More than 200 delegates are attending the conference, forty of whom are laymen. Cynthiana has entertained this religious body four times previously since its organization in 1821. Former years were: 1850, 1869, 1883 and 1903.

Yesterday, which was the Centenary Day, was featured by one of the most interesting events of the Conference. The subjects discussed were: "World Reconstruction After the War," "God's Call to the Church in a World's Crisis," "The Church's Opportunity to Get Out of Littleness Into Bigness." Bishop Denny, Dr. E. H. Rawlings, Dr. J. J. Stowe, Mrs. R. W. MacDonnell and Miss Belle Bennett are among those who spoke. A stereopticon lecture, showing the needs of the mission fields was given in the evening.

Among interesting events scheduled for to-day will be the vote on laity rights for women. The Conference was entertained at noon luncheon at the Baptist church by the women of the Mount Hope Methodist church, of which the Rev. Alex. Redd is pastor.

BOURBON COUNTY MAN INJURED IN AUTO ACCIDENT.

Mr. O. H. Rice, of 1917 South Main street, Paris, sustained severe bruises about the head and face, also a shaking up Wednesday morning when he was thrown from his automobile near Carlisle.

Mr. Rice was a member of the automobile funeral cortege en route from Paris to Elizaville, with the body of young William Mallory, who was drowned near Paris, Sunday. The machine in which Mr. Rice and several friends were riding struck a soft place in the pike at a curve in the road between Carlisle and Millersburg and skidded into a wire fence. Mr. Rice was the only one injured. His wounds were dressed at Carlisle by a physician, and he was enabled to proceed to Elizaville to attend the funeral.

Mr. Rice said he had his machine under good control, but that in making the turn on a down grade at the curve he applied the emergency brake too quickly, causing the machine to skid across the road.

MCCOMBS OIL COMPANY DOING EXTENSIVE DEVELOPING.

(The Oil World.)

"The McCombs Oil Company has just purchased a refinery in Illinois, which will be moved and erected in Lee county, Kentucky. This company is making good headway in developing its producing leases and will go on a two per cent. monthly dividend basis September 15, at which time its treasury stock will be raised to \$2.00 per share from its present price of \$1.50. There has been good demand for this stock during the past week. The aggressiveness of the management of this company leads us to believe that this stock can be purchased at present prices with reasonable assurance of profitable advance in the market price in the near future."

"Since the sale of the interest held by the Local Oil & Gas Company, operating on the Moss St. John in Lee county, this stock is not as strong as previously, but in our judgment, its intrinsic value is perhaps better than it was, and we believe that the present price of \$1.40 asked makes it a good buy."

"The Old Dominion, in view of its purchase of several very high class properties on the Big Sinking district during the past few days, places its stock on a very much stronger basis and indicates intelligent and aggressive management upon the part of its officials. This stock recently advanced to \$120.00 per share, bid."

ELKHORN BAPTIST ASSOCIATION IN SESSION HERE.

The one hundred and thirty-third annual meeting of the Elkhorn Baptist Association convened at the Baptist church in this city Wednesday morning. The assemblage was called to order by Moderator J. R. Howard, of Lexington. The annual sermon was preached by Rev. J. W. Walker, pastor of the Felix Memorial Baptist church, of Lexington.

Dr. M. P. Hunt made a strong appeal for the raising of the sum of \$250,000 for the benefit of the Louisville Baptist Hospital. Prof. John L. Hill, of Georgetown, read the report of the institution and opened the discussion of educational matters. Moderator Howard, who had served in that capacity for twenty-one consecutive years, declined a re-election. The following officers were elected: Moderator, Dean John L. Hill, of Georgetown College; Assistant Moderator, John W. Stout, of Woodford county; Secretary and Treasurer, Frank L. Smith.

The women of the Association were entertained at dinner in the Y. M. C. A. dining room by the ladies of the Paris church. A social meeting of the women was one of the after-features of the meeting.

Rev. Frank W. Eberhardt, a former pastor of the Paris church, who preached the annual sermon at the meeting of the Association in this city twenty-four years ago, by special request, delivered the same sermon at this meeting. Rev. D. M. Austin preached the doctrinal sermon at 11:45 yesterday morning.

About two hundred delegates and guests were present during the sessions of the Association, which were held in the Main auditorium of the church. The delegates and guests were cared for at home of members of the congregation.

NOTICE TO PUPILS.

All pupils of the first six grades in the Paris Public School are requested to report at the school building at 8:30 a. m. September 9. Pupils of the Seventh and Eighth grades will report at the same place on Sept. 10, at 8:30 a. m. while the High School pupils will report at 8:30 a. m. on September 11. All pupils are asked to bring with them their last year's books and material.

LEE KIRKPATRICK, Superintendent.

BOURBON FISCAL COURT ADJOURNS TO SATURDAY.

The September term of the Bourbon Fiscal Court convened yesterday morning, but no business was transacted. The Court, on motion of one of its members, adjourned until tomorrow, out of respect to the presiding officer, County Judge George Batterton. Judge Batterton had just received a message from Bishop Batterton, in an army hospital overseas. At the session to-morrow the adjourned business will be disposed of.

BOURBON SENDS EIGHT MORE MEN TO CAMP.

Eight young men from Bourbon county, selected by the local Draft Board, under the selective draft act left Paris yesterday morning, for Camp Zachary Taylor, where they will be inducted into the service of the United States in the army at that cantonment.

The young men met at the court house Wednesday afternoon at five o'clock and were given their final instructions. They were then placed in charge of one of their number as Captain. The men were entertained at supper at the Crosdale Hotel following the meeting at the court house.

They reassembled in front of the court house yesterday morning at seven o'clock, where they formed in line of march and headed by the Liberty Drum Corps and accompanied by members of the Bourbon County Draft Board and citizens, they marched to the Tenth street passenger station of the L. & N., where they were entrained at 7:45 o'clock for the trip to Camp Taylor.

Before their departure the men were presented with cigars, cigarettes, tobacco, etc., by the committee in charge of the Soldiers' Tobacco Fund.

The eight young men who left yesterday for the trip to Camp Taylor are as follows:

Miller W. Kiser.
Jos. Thurman Robbins.
Wm. Martin Hudnall.
Wilburn Crump.
Edgar King Lovell.
Charles Frank White.
James Henry Wells.
James I. Farrow.

NOTICE TO SUBSCRIBERS

In order to fully comply with the recent order of the War Industries Board, it will be necessary for every subscription to THE NEWS to be paid in advance. We are mailing this week statements to all our subscribers, which we hope will meet with a ready response, so that we may get our list cleaned of "dead timber," and get it down to a practical working basis, as required by the order.

The names of many delinquents and all free copies have been dropped from the list, which has this week been undergoing an overhauling. We do not like to drop anyone, but the order issued by the War Industries Board is an imperative one, and admits of no sidetracking whatever. It simply must be obeyed.

With the increased cost of everything entering into the making of a newspaper, and the uncertainty of getting supplies for that purpose, it becomes necessary for the papers to reduce bookkeeping on their subscription lists to a cash-in-hand system. We hope our patrons will appreciate the situation and help us to obey both the letter and the spirit of the War Industries Board order.

RED CROSS TEA ROOM HAS AUSPICIOUS OPENING.

The Red Cross Tea Room in the Wilson building, at Third and Main was opened to the public Wednesday morning. A dainty menu marked the opening day. The patronage was satisfactory from a financial point of view, and there was a satisfied smile on the faces of those who served and those who were served.

The tea room is in charge of Miss Alice Rogers Clay and Miss Charline Ball, who inaugurated the movement here, and is open each day from 11:45 a. m. throughout the day. Misses Clay and Ball are assisted by several young women who make every effort to please customers. The table and surroundings are attractive and enticing and taken as a whole the Red Cross Tea Room is a really nifty place.

REGISTRATION NOTICE FOR MILITARY SERVICE.

WE SHALL REGISTER—Every male person who shall have attained his eighteenth birthday and shall not have attained his forty-sixth birthday on or before September 12, 1918, must register on that day. The only persons excepted are persons in the military service of the United States and those who have heretofore registered.

TIME OF REGISTRATION—Between 7 a. m. and 9 p. m., on Thursday, September 12, 1918.

PLACE OF REGISTRATION—The place of registration is the customary voting place in the precinct in which each such person has his domicile. Your domicile is the place at which you permanently reside at the time of registration.

NO EXCUSES TO BE ACCEPTED—No person required to register is to be excused for any cause. Persons who fail to register on that day as required by the President's proclamation subject themselves to the penalties prescribed by the Act of Congress.

LOCAL BOARD BOURBON CO., KY.

CHAS. A. McMILLAN, Chairman.

CALL FOR LIMITED SERVICE

Major Henry Rhodes, Wednesday, notified local boards in this State to select 159 limited service men to be inducted next Saturday for service with the local, district and medical advisory boards and headquarters with the draft department at Frankfort. As there are 131 local boards, 3 district boards and 24 medical boards the call will furnish one man for each board and one man to be assigned to the headquarters. The induction will take place in Louisville.

LEXINGTON, October 3, The Transylvania, \$5,000 stake.

IN THE SERVICE OF THEIR COUNTRY.

Privates David Elam and Harry Farnowe, of Camp Buell, at Lexington, were recent visitors in Paris, as guests of friends.

Mr. John Harris Clay, who has been in training at a military camp in Toronto, Canada, is at home for a week's visit to his mother, Mrs. C. M. Clay.

A card from Corp. John M. Stuart orders his paper changed from the Aberdeen Proving Ground in Maryland, to 553 Green street, Havre de Grace, Maryland.

Mrs. Robert Hinton and son, of Georgetown, left yesterday for Houston, Texas, to spend the winter with her parents. Prof. Hinton and his brother, Mr. C. O. Hinton, the latter of Paris, are in France doing Y. M. C. A. war work.

Emmett Curtis, Wm. Taylor and Allmut Ashcraft, of Paris, will leave this afternoon for Camp Wheeler, near Macon, Georgia, where they will be assigned for special service in the army. The men were selected by the Bourbon County Draft Board under a special call for this character of service.

While in Louisville attending the meeting of the State Medical Society, Drs. George L. Rankin, of Shawhan, and Elmer Swetnam, of Centerville, filed their application for appointments to positions in the Medical Corps of the United States Army. Two Paris physicians, Drs. J. T. Brown and J. A. Orr, are now in that branch of the service.

If you have interesting news of your soldier boy in France, or in any of the army cantonments or naval training stations in this country, THE NEWS would like to have it for publication. We find "In The Service" department a very pleasing one and your contribution to it will be the means of giving the news to hundreds of others.

A service flag of nineteen stars was dedicated Sunday night at the Ruddle Mills Christian church in honor of the Bible School boys from that vicinity who are in the army service. The flag was unfurled by the pastor, Rev. W. Cummings. An appropriate program of addresses and exercises followed the dedication.

Capt. Clay Judson, a grandson of the late Mr. Sidney Clay, Sr., of Bourbon county, is now stationed on special duty near Paris, France. He was commissioned Lieutenant at Camp Sherman, near Chillicothe, O., in the first Officers' Training School, and just before starting for France, was promoted to Captain. He is a graduate of Harvard University and was studying law at the outbreak of the war.

The Ft. Worth Texas, Star-Telegram, of Sept. 1, says: "Mrs. William E. Curtis, of 1636 West Seventh street, has just been notified that her husband, Sergeant-Major Wm. E. Curtis, has arrived safely overseas. He is with the 143d Infantry."

The telegram prints a group portrait halftone picture of the officers of the 143d, in which Sergeant-Major Curtis occupies a prominent place.

Voluntary enlistments for the army, except as authorized by acts of Congress in certain cases, have been ordered discontinued by General March, Chief of Staff, and all recruiting stations will be closed as speedily as practicable. The enlisted men serving at such stations will be sent to the nearest recruit depot to be physically examined and their qualification records made out with a view to their assignment to "appropriate duty."

Dr. H. M. Hamilton, who volunteered for service in the Veterinary Corps of the U. S. Army, will return to Paris about Sept. 15, to resume his practice. Dr. Hamilton, upon examination by the Army Surgeon Board was given an honorable discharge as physically disqualified because of a minor defect. He appealed the case to Washington, but the lower Board's decision was sustained. Dr. Hamilton will visit relatives in Indiana before returning to Paris.

Dr. James A. Orr, of Paris, now ranking as Captain in the Medical Corps of the army service, writes to Paris relatives that he has been ordered overseas with a regiment of railroad operating engineers. There are eleven doctors with the regiment, which is an unusually large one, but he is the only surgeon in "the outfit." Capt. Orr's letter was also descriptive of scenes and incidents occurring when making the trip from Ft. Benj Harrison to Camp Upton, where he was stationed.

Special attention has been directed by the authorities at the cantonments to the fact that under no circumstances will visitors be allowed to see men who are in quarantine. It is especially desired that this regulation should be made known by the men to their relatives at home in order that long trips may not be made to cantonments when visitors will not be permitted to see certain men. Persons contemplating visiting the

WOMEN'S COMMITTEE COMPLETES ITS ORGANIZATION

The Bourbon County Women's Committee of the Council of National Defense has perfected its organization and arrangements for a house-to-house canvass in both the city and the county for the registration of women for war activities and for the enlistment of young women for student nurses. Committees of workers have been busily engaged in the canvass this week among the women of the city.

The county has been divided into six divisions, with the following divisional chairmen: Mrs. Duncan Bell, Mrs. M. H. Dailey, Mrs. Wm. O. Hinton, Mrs. R. B. Hutchcraft, Mrs. James McClure and Mrs. J. T. Vansant. In these six divisions are grouped twenty-eight registrars, whose duties will be to assist in the registration work. This brings the total number engaged in the work up to fifty. The registration is not compulsory, but is made in compliance with the desire of the Government to have as complete registration of women for war work as it is possible to obtain.

Headquarters have been opened on the ground floor room of the Bourbon-Agricultural Bank & Trust Co.'s building at the corner of Main and Broadway, with several workers in charge. Mrs. E. F. Clay, of the county, is Chairman, and Miss Mary Fithian Hutchcraft, secretary of the committee.

A number of applications have been received from young women of the city and county who desire to enter the work as volunteer and student nurses, and all seem to be willing and ready to co-operate with the ladies of the committee in their work. The work will be carried forward steadily until completed. And, like all the other war work undertaken by the women of Paris and Bourbon county, it will be well and thoroughly done.

NOTICE TO TEACHERS OF COLORED SCHOOLS.

All colored teachers are hereby requested to call at my office in the court house to-morrow (Saturday) afternoon at three o'clock, and sign their contracts for the coming school year.

J. B. CAYWOOD, County School Superintendent.

THE USUAL RESULT

While endeavoring to start a fire with coal oil in a stove at his home near Centerville, Mr. Arthur Faulconer, was severely burned about the head and face when the fluid exploded.

Although almost stifled by the flames Mr. Faulconer had presence of mind enough to roll on the floor and smother the flames with a piece of rag carpet. Medical assistance was soon at hand and the injured man was given prompt attention.

cantonments are strongly urged by camp authorities to learn whether their soldier is in quarantine before they make the trip.

Mr. and Mrs. Tom Bowles, of Millersburg, have received word that their son, Thos. Bowles, Jr., had arrived safely overseas on one of Uncle Sam's big army transports.

After an absence of ten years from Paris, Mr. Lee Brown, who is now a member of Uncle Sam's army at Camp Kearney, in California, is revisiting his old home town. Private Brown is here on a three-weeks' furlough as a guest of his mother, Mrs. Elizabeth Brown, and his brother, Mr. Richard Brown. He is in excellent health and ready for serious work with Uncle Sam's Boche-suppressors.

Mr. Rene Clark, who left Paris some weeks ago to report at Great Lakes, Ill., wrote this week to his grandmother, Mrs. Jos. M. Rion, that he had passed a successful examination and had been accepted for service. He will, after spending the usual fourteen days in the quarantine camp, go into active training at the Great Lakes Naval Training Station.

Mrs. William Clark received a unique souvenir from Mr. Edward Woods, who is at Camp Shelby, near Hattiesburg, Miss. The souvenir was a miniature reproduction of a bale of cotton, baled, tied and bagged exactly like the real thing. On top of the bale, with his shining teeth sunk deep into a slice of watermelon was a twinkling-eyed pickaninny, and beside him lay a sheaf of rice ready for winnowing. Thus was represented four of Mississippi's principal products—cotton, coons, rice and watermelons.

Isn't this a most plaintive appeal? From Camp Zachary Taylor, the temporary abiding-place of many brave hearts and willing helpers, comes the following from a former newspaper man:

"Camp Zachary Taylor, "For the love of Mike (or me) please send me a BOURBON NEWS or something else from Paris. I haven't seen a Paris or Lexington paper since I came to camp last Wednesday. Best regards to all the Paris newspaper gang. Expect to go South in about three weeks, just where the Lord and those higher up only know."

Fraternally,
"WAYNE COTTINGHAM,
34th Co., 9th Tr. Bn., 159th Depot Brigade, Camp Taylor, Ky."

Wage Problems.
It is assumed at political headquarters that all questions of wage increases will become political in character, and the Representatives and Senators are beginning to recognize the first nibble of pressure for increased wages. The Administration cannot go beyond a certain limit in advancing pay schedules, and in the case of the railroads the top-notch figures have doubtless been reached. The telegraphers have been noisy from the moment they entered the employ of the Government. Just how the old parties will line up in this entirely new world of political values no one knows. Everyone is trying to continue on amiable terms with the Government-employed laborers, but the route of wage-adjustment has been changed from the control of the individuals and corporations, and the first wage increase among the railroad employees was accomplished by a big advance in freight and passenger rates. Industrial and labor conditions with the wire companies are sure to undergo marked changes; but just how these new conditions will affect political fortunes is so much of a mystery that the Democratic and Republican committees are total abstainers when it comes to partaking of a fixed policy. Nevertheless the issues will have to be met within a few weeks at the outside; and a line-up with reference to the continuation of more or less Government control and ownership may be expected in political circles throughout the country.

The I. W. W. Conviction.

The conviction of one hundred leaders of the Industrial Workers of the World at Chicago practically clinched an important plan of the Federal government for the behavior of American citizens during the progress of the war. The I. W. W. sought to create railroad congestion by the misdirecting of freight, the wrecking of sawmills by driving spikes in timbers, the destruction of fruit orchards by placing copper ticks in the trees and the spoilage of grain by stacking shocks upside down. The I. W. W. flew the red flag of lawlessness, and its plan to war on industries until the employers threw up their hands in despair. These plans of sabotage, which aimed at the slowing down of production and wanton spoilage of material, and the creating of strikes, was all very carefully planned by men who worked so close to the line of legal methods that their conviction was most difficult.
The Government has its War Trade Board, its War Finance Board, War Labor Board, and other agencies intended to straighten out every detail of difference between employers and employees, and agencies like the I. W. W. stand in strict contradiction to its methods. It is not to be assumed that the Government has achieved a perfect system, but its progress has been satisfactory, and it is a pleasant thought that we are about done with such anarchist institutions as the I. W. W.

Orders Telephone Consolidations.

The Postmaster General has issued orders looking toward the consolidating of telephone companies throughout the country. There are several thousand independent companies in the United States, and the

Bell lines are in competition with many of these. Postmaster General Burleson has named Nathan C. Kingsbury, vice-president of the American Telephone and Telegraph Company to conduct investigations and to make negotiations and arrive at agreements for the unification and consolidation of the various companies operating in the same communities.

The policy of the Postoffice Department as announced in a recent statement also directs all companies to "confine extensions and betterments to imperative and unavoidable work to meet war requirements and the vital commercial needs of the country." The telephone and telegraph companies all appear to be giving hearty co-operation to the new policies brought about by Government control.

THE NATIONAL REGISTRATION

"Register!"

That is the message which the forty thousand Four Minute Men of the Committee on Public Information will commence to carry to the people at the special request of Provost Marshal General Crowder.

In order that the country may become informed upon the reasons for and the purpose of the enlarged draft ages, the press was called into consultation and heartiest co-operation insured. At the same time, arrangements were perfected through National Headquarters of Four Minute Men in Washington to turn this vast force of organized oratory upon the vital topic.

A bulletin of information containing complete statistics concerning the fighting man power of the country was prepared in consultation with the Provost Marshal General's office. An autographic letter from General Crowder to the Four Minute Men explains the urgency of the situation and calls upon this great army of speakers to use their best efforts to meet their part in it.

In this connection, the General says: "We want to inspire every man with the resolution to come forward at the time appointed and do his duty."

"One of the most efficient ways to communicate this inspiration, stimulating the keen sense of duty to be performed, is the oral appeal, face to face. This is where we are relying upon the great organization of Four Minute Men. We believe that you can reach effectively the millions of men who are due to come forward on that day to register."

"The original registration brought forward 9,586,000 men. This time our calculations give us every reason to believe that the number to be included reaches thirteen million. It will be America's greatest effort to complete its army. Your part will be an important one, and I earnestly invoke your assistance and call upon you to put your best skill into the task"

RED CROSS NEWS GRENADES.

The American Red Cross has opened a Fresh Air station at Mt. Aigoual for repatriated and refugee Belgian and French children.

Sixteen orphan's homes, hospitals and farm schools operated by a French organization are receiving financial assistance from the American Red Cross.

Eighty-four nurses and aids from the American Red Cross at Paris have been lent for emergency military work in connection with the present offensive.

The national game, baseball, is following the flag to the war zones of Europe—and the American Red Cross is doing all in its power to supply equipment to keep the game going.

The piece work department of the American Red Cross in the Hotel Victoria, at Naples, Italy, is now providing 500 women who are members of soldiers' families with work to do at home.

Instead of opening large homes, the American Red Cross in this district, about Genoa, Italy, is more or less using the cottage system in caring for refugee children. Cottages, each caring for 14 children, have been opened in the hills.

The American Red Cross is to assist the Italian Sanita Militaire in its study of infectious jaundice malaria, the infections of the typhoid group, the lesions resulting from refrigeration and asphyxiation gases and certain other wound infections.

A telegraphic request for additional Red Cross workers at the Italian front—received at 5 o'clock at Red Cross headquarters! Five American Red Cross men on the train at 8 o'clock! With them, as personal baggage, went 2,000 shirts, 20,000 cigarettes and 5,000 packages of chocolate!

In the past nine months the American Red Cross has aided 382 tuberculosis hospitals and dispensaries, representing a total of 30,147 beds. The second request of 167 institutions have been granted. The value of the goods requested for this relief work alone is estimated at 1,125,208 francs.

There are two kinds of men in this world—those who have to be "cranked up" and self-starters.

ALL MEN 18 TO 45 MUST REGISTER SEPT. 12.

All male persons in Bourbon County between the ages of 18 and 45 years inclusive, are required to go to their respective voting places on Thursday, Sept. 12, and register under the new Draft Law recently enacted. The new Draft Law became effective Saturday, when President Wilson put his signature to the new bill. Under the new law it is estimated that at least 12,778,753 men will register in the United States and that fully 2,300,000 of that number will be called for military service.

In order that no person in Bourbon County can claim ignorance of the new Draft Law, the following regulations have been issued by Provost Marshal Crowder, and should be read carefully by every male resident in Bourbon County:

4. PERSONS REQUIRED TO REGISTER.—All male persons who shall have attained their eighteenth birthday and shall not have attained their forty-sixth birthday on or before the day set for registration by the President must register. The only exceptions are:

(a) Persons who, prior to the day set for registration by the President, have registered under the terms of the act approved May 18, 1917, or under the terms of the public resolution of Congress approved May 20, 1918, whether called for service or not;

(b) Officers and enlisted men of the Regular Army; officers appointed, and men of the forces drafted, under the provisions of the act approved May 18, 1917; officers and enlisted men of the National Guard while in the service of the United States; and the officers of the Officers' Reserve Corps and enlisted men in the Enlisted Reserve Corps while in the service of the United States;

(c) Officers and enlisted men of the Navy and Marine Corps and officers and enlisted and enrolled men of the Naval Reserve Force and Marine Corps Reserve while in the service of the United States.

Persons not subject to registration solely on account of being in the military or naval service of the United States become subject to registration and are required to register immediately upon leaving such military or naval service.

Citizens of the United States or persons who have declared their intention to become citizens of the United States who do not register on account of absence from the territorial limits of the United States are required to register within five days after their return to the United States. (See Sec. 72.)

5. REGISTRANTS AND OTHERS CHARGED WITH KNOWLEDGE OF THESE REGULATIONS.—These regulations have the force and effect of law, and all persons required by these regulations to be registered, and all persons who may claim any right or privilege in respect of any registrant, are charged with knowledge of the provisions hereof. Failure by any person required to be registered to perform any duty prescribed by these regulations is a misdemeanor, punishable by imprisonment for one year, and may result in loss of valuable rights and privileges and in immediate induction into the military service.

CORPORATIONS MUST MAKE TAX RETURN ON STOCK.

Regardless of size and capital stock, each corporation in the Seventh Internal Revenue District which has been in business during the last fiscal year, is required to report the amount of its capital stock to the Internal Revenue Collector on or before September 30, in anticipation of the Federal tax.

To neglect to do this is to suffer a penalty, according to Collector Elwood Hamilton, of the revenue office in Lexington. In blanks which have been sent to the Lexington office for the filing of corporation reports, the penalty, in its substance, is that corporations refusing to file reports within the time prescribed by law are fined not more than \$500 with 50 per cent. additional tax for rendering false and fraudulent returns.

Heretofore, no corporation with a capital stock less than \$75,000 was required to make a Federal report.

THE STATE FAIR.

Kentucky farmers and breeders should consider it not only a privilege, but a patriotic duty to attend the Kentucky State Fair, September 9 to 14, inclusive. Coming up through years of hard struggle, the State Fair has emerged one of the most creditable institutions of its kind in the United States.

President Mat S. Cohen and the State Board of Agriculture deserve unlimited praise for securing the largest premium list that has ever been offered at the Fair, especially at this time. The prize list of \$25,000 announced for beef cattle and the fattened and feeding class and also the \$10,000 saddle horse stake are record-breakers, and if we are not mistaken these are the largest premiums ever offered at any State Fair.

Not only should an institution of the educational value of the State Fair be supported, but it is the duty of every farmer and breeder to take advantage of the opportunity of getting in touch with what his fellow-workers are doing in order that he may be in a better position to raise bigger and better crops and more livestock to help feed our country and our allies during the world war.

DOUBT DISAPPEARS

No One in Paris Who Has a Bad Back Should Ignore This Double Proof.

Does your back ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells—Sleepless nights, tired, dull days, Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Paris proof. Read now the Paris sequel. Renewed testimony; tested by time. Mrs. G. W. Newman, E. Tenth St., Paris, says: "I had backaches and headaches and at times was very nervous. My kidneys were weak and inactive. I heard about Doan's Kidney Pills and used them and they soon had me feeling better in every way."

Mrs. Newman gave the above account of her experience with Doan's Kidney Pills on January 17, 1912, and on November 9, 1916, she said: "I still use Doan's Kidney Pills at times when I find it necessary. I have always received the same good results, although I do not have so much trouble as I used to." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Newman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

TRAINING KITCHEN FOR WAR WORKERS.

The department's demonstration and training kitchen in Washington conducted by the boys' and girls' section of the Office of Extension Work North and West, is a center of important training and demonstration activities. During the last year 73 State, assistant State, county and local leaders of boys' and girls' club work have been given special training in this kitchen on methods of conducting war-saving demonstrations in canning, drying and bread-making, and it is also the center of instruction in other activities of the boys' and girls' clubs, such as garment making, poultry, corn, and potato demonstrations. The record of the year's work just completed shows that 486 complete demonstrations were given and 27 regular training conferences with leaders were held. The leaders carry this instruction to the thousands of junior Americans enlisted in this branch of extension work.

Is Your House Staying Young?

Every sensible man wants his house to stay young—to look fresh, bright, and new, unmarked by time or weather. Houses grow old and look old through being neglected. Paint keeps new houses from looking old and losing value, and gives new life to old houses. To freshen up your house and keep it young, use paint made of

thinned with pure linseed oil. Such paint costs no more than some paints which are not all-lead.

We have the right remedy, if your house, your barn, or your garage is not looking as young as it should. Come in and let us show you our complete and up-to-date stock of paints, varnishes, brushes, and all-paint accessories.

TIME IS U. S. BEST SOLDIER OF FINANCE

It Works Always To Put Liberty Bond Values Higher

Time works in favor of Liberty Bonds.

Some of the more restless-minded holders of Liberty Bonds of the Second and Third loans have lost sight of that fact and allowed the slight slump in the market price which took place this summer to worry them.

Those prices reflect only a temporary condition, says the Wall Street Journal, and the Treasury department is already in process of remedying it. The slump in part has been due to a misapprehension on the part of small investors who have gained a superficial knowledge of tax exemption features.

While bonds of the Second and Third loans, the 4 and 4 1/2 per cent bonds, are taxable and the 3 1/2 per cent bonds are tax free the small investor cannot be taxed by any income tax law now in effect or any later to be enacted on any of the bonds unless his holdings of 4 or 4 1/2 bonds reach \$5,000 worth or more. And yet a study of the transactions in bonds to date has revealed the fact that many of the sales are by small investors who have disposed of their 4s and 4 1/2s to buy 3 1/2s because some one has told them the 3 1/2s were tax free.

Everything which congress takes up in the way of financial legislation gets the careful attention of the Treasury department. Nothing is allowed to go far if its provisions in any way tend to lower values on Liberty Bonds. Liberty Bond holders have first consideration and everything is being done to facilitate the financing of the war.

Aside from the tax free features, which are only present influences after all, the Liberty Bonds should stand out as gilt-edged investments for their after-the-war value. The capital which they will restore to the investor after the war will have a far greater purchasing power than the money which he is putting into the bonds now when money is so cheap and plentiful.

They Give Blood Abroad; We Must Give Our Treasure

Anyone proposing peace with Germany before Kaiserism shall have been crushed out of existence should either be interned or placed in an insane asylum for medical treatment.

Hudson Maxim.

That is the verdict of Hudson Maxim. The great gun maker gives tersely some of the reasons why the government needs five or six billion dollars more immediately—reasons why the fourth Liberty loan must go over with a big safety margin, why other loans soon to come must go over the same way.

"We cannot consider any terms of peace whatsoever with the German government as now constituted," Maxim's letter goes on to say. "Germany must be licked and the Hohenzollerns kicked off the throne before we can even talk peace without outraging our self-respect. The German military ring must be broken and so shattered that it can never be reunited."

"Those militaristic bandits of the breed of Atilla who cold-bloodedly prepared to plunder the world and enslave mankind are not fit to place their names to a peace compact beside those of the heroes who shall, with sacrifice of blood and treasure, save the world from their clutches."

"There is but one way to peace and that is the way to Berlin."

Liberty bonds will open that road for the American boys. Those at home must sacrifice their treasure as those over there sacrifice their blood.

WAR DEPARTMENT TO BAN SOLDIERS WRITING TO UNKNOWN

Officers and enlisted men at army camps are forbidden to start correspondence with persons they do not know, according to recent orders of the War Department.

This action has been taken in order that soldiers may not open a way to acquire military information. Organizations all over the country are said to have been formed to write letters to soldiers. These form a cloak for enemy agents and propagandists to get into communication with soldiers who innocently reveal important facts, it is said, and the Government intends to discourage these societies. "The opportunity which might be offered to a wholesale propaganda by well-organized groups of enemy sympathizers is obvious," the order reads.

STATE AID FOR COUNTY SEAT STREETS LEGAL.

The question raised by State Inspector and Examiner Nat B. Sewell in his report on the road department whether streets of a county seat which constitute part of the inter-county seat highway system can be connected with State aid, has been settled as far as the Attorney General's department is concerned. Gen. Charles H. Morris said in an opinion to City Attorney Chenault Huguley, of Danville, who was perurbed at Mr. Sewell's suggestion that if the law does not permit it, Danville and other cities which have built streets with State aid should be compelled to reimburse the State road fund.

Gen. Morris said that as far back as March 22, 1915, the department held such expenditure legal. It was so held under both Attorney General James Garnett and Attorney General M. M. Logan, and Gen. Morris agrees with them.

Individual Instruction Received By Students of Fugazzi School Insures Their Success

So says Miss Ada Banahan in a letter to Miss Fugazzi, which we are publishing in full below, as it is typical of the letters we are receiving all the time from our former students.

June 25, 1917.

Miss Irene Fugazzi,
Fugazzi School of Business,
Lexington, Ky.

Dear Miss Fugazzi:
Just a few lines to express to you my appreciation of what you and your excellent school have done for me.

I am holding a fine position which you helped me secure and feel that it was your thorough, conscientious training that made me capable of holding it. The individual instruction and personal attention which you give your students insure their success. I shall always be glad to recommend your school to anyone who desires to become really efficient.

Yours very sincerely,
ADA BANAHAN.

IN SPARKS' CIRCUS PARADE TO-MORROW

Will appear the knights and ladies on gaily caparisoned steeds; the golden pageant dens filled with beasts of the forest and jungle; the sun-bright tableau cars with crystal mirrors; the sundry closed cages with historical paintings on their sides, suggesting by the very scenery presence of marvelous, prisoned creatures; elephants and camels; a great golden chariot with our own Columbia and her court traveling in imperial pomp atop; the droves of Shetland ponies drawing the fairy vehicles of nursery days; the funny, grinning clowns in their paint and powder; and, last of all the unutterable grandeur, the steam calliope, whistling and blasting and shrieking.

Various free displays will follow the return of the parade to the show grounds. The department of odd and curious people, will be continuously open.

Performances of the circus will be given at two o'clock and at eight o'clock. The crowds will be admitted an hour earlier to permit observation of the rare wild animals; queer quadrupeds, costly birds and other strange living creatures of land, ocean and air. This great college of natural science forms an ellipse of chariot cages within the immense menagerie tent.

More than five thousand patrons are invited to find comfortable seating accommodations in the main canvas pavilion. The circus promises a three-hour phantasmagoria of unprecedented magnitude and diversity and of uninterrupted individual and collective merit.

BOARD OF TAX SUPERVISORS MAKE THEIR REPORT

The City Board of Tax Supervisors composed of A. B. Hancock, chairman, Dan W. Peed and Jas. R. Stivers, has completed its labors, and submitted a report of equalizing the taxation of property in Paris for the year 1918.

The report as submitted to Mayor E. B. January, showed the total valuation of taxable property in the city of Paris as being \$4,250,483. Notwithstanding the fact that under the new law, notes, accounts, mortgages and cash were exempted from taxation, the report showed an increase of \$187,043 over the valuation of last year. This amount accrued from the equalization of property valuation.

CYNTHIANA SUFFERS, TOO!

Like many other towns that have suffered from an overdose of "carnival" companies, Cynthiana registers a kick against their presence in war times. Paris has had 'em, too. We, too, have suffered. The Cynthiana Democrat says:

"A carnival company has been spending the week idle in Cynthiana. The carnival came here, as many have done before, without previous announcement or arrangements to put on the show, expecting to induce some fraternal body or other organization to father it and thus escape payment of full license, which if demanded by the authorities, as it should always be, would prevent any of the carnivals exhibiting here. The local authorities are to be commended for enforcing the law, and the fraternal bodies are to be commended for refusing to 'fall for' any more carnivals. This town has had enough of them for all time."

NOTICE, TAX PAYERS.

NEWSPAPER PARAGRAPHERS' WHACKS AT PARIS.

Flemingsburg Times - Democrat: "To judge from the number of auto mishaps reported by THE BOURBON NEWS as happening in and around Paris last Sunday, it would seem that but little attention was paid to the request for a gasolineless Sunday. But generally the request seems to have been very well complied with."

Cynthiana Democrat: "Under the head of marriage licenses 'issued this week by County Clerk Pearce Paton,' THE BOURBON NEWS has this one: 'Walter Rider Nelson and Miss soap and salt.' Maybe instead of taking a bride Walter Rider was preparing to take a bath."

I. O. O. F. LODGE OVERSUBSCRIBES ITS QUOTA.

Members of Bourbon Lodge I. O. O. F., got a hustle on themselves when asked to raise \$1,149 as Bourbon's quota in a campaign for \$50,000 endowment fund to the Grand Lodge. Soliciting committees reported at a recent meeting that they had more than raised the necessary amount. The committee reported that a \$1,000 Liberty Bond and \$300 in War Savings Stamps had been donated to the Grand Lodge to be applied on Bourbon county's quota.

MR. DAILEY TO "A RUBE."

(Contributed.)

Some time ago I saw a communication in THE NEWS, signed "A Rube," deploring the need of Paris for a park for recreational purposes, and arguing against it in rather a sarcastic way. Through the non de plume of "A Rube" I saw my old friend, John Cornatell. Some man he is. Lives near enough to town to know something about town life, far enough in the country to know all about that. Raised a family of ten children, six boys and four girls, and not a dummy in the lot.

But, John, look me in the eye while I tell you something. Things have changed since you were a boy, still more, since your father was a boy. Those times were different when you had to bring in all the stock at night into the stockade around the house, as a guard against Indians, wild cats and other varmints. Remember that time when you had the buck ague when you watched for a deer all night, and when the buck passed by just at the break of day your hand shook so that you couldn't hit a barn-door. And Davy Crockett killed killed eighty bears in one winter, went down into an earthquake crack in the dark and let the life out of a bear with a Bowie knife, then spent the rest of the night climbing a hickory tree and sliding down in his buckskin breeches to keep warm.

Why, even I can remember when I was a boy at Newport, Ky., how the lower part of Taylor's Mill Bottom was a forest of all kinds of trees, some of them wonderful for size and beauty. There I found wild strawberries and caught a ground squirrel with my hands, and viewed the remains of dead horses torn by bloody-mouthed hogs. A little up the stream was a mill dam that backed the water into every hollow for a long distance around. Ferns fully five feet high grew there, the lovely lady fern, Jack-in-the-pulpit, Dutchman's breeches, bloodroot, dogwood, paw-paws, filberts and whatnot, while flying squirrels sailed from tree to tree, and tree toads, black snakes and bullfrogs made life well worth living.

Now, in come "civilization," down go the trees, the mill pond becomes a gulch, the C. & O. buries the dam out of sight. Shall we have nothing in return for these lost joys? Shan't we have a park, where we can have a few trees and flowers and walks, etc., for our children to develop health and strength and beauty in? I hope so. Shame to Paris if we do not.

LIGHTNING PLAYS QUEER PRANKS IN SCOTT COUNTY

Lightning played a freakish prank at the farm of Will Leach, near Georgetown, Tuesday, when it struck his tobacco barn, tore off the shingles on the roof, ran down a post, which it split in two, singed a portion of the tobacco, which four or five men were unloading, stunned two employees, Marshall Cook, who was standing near the post and George Canahan, so that they were thrown in a heap on the floor, and lifted off the hat of Claude Dillon. A mule was thrown violently to the ground. The damage to the property, which was not great, is covered by insurance.

WASTES NO WORDS IN WRITING HIS WILL.

The shortest will ever probated in Scott county was filed at Georgetown, Wednesday. It was written by Claude Rodgers, who was killed recently in an automobile accident, and reads as follows:

"I will to my mother, Mrs. Lena Rodgers, all my property."

TRIES TO STOP SUNDAY BUSINESS.

At Georgetown, warrants were sworn out Wednesday by A. B. Barkley, manager of the Georgetown opera house, for the arrest of Thos. B. McCann and Louis Fava, confecturers, on the charge of operating their places of business on Sunday. A case is pending against Barkley in the Circuit Court for opening his moving picture show on Sunday.

I. O. O. F. IN DRIVE FOR \$50,000 FUND.

A movement to raise a fund of \$50,000 as an endowment fund for the support of the Odd Fellows Orphan Home at Lexington, has recently been inaugurated at the suggestion of Mr. Beckham Overstreet, of Louisville, Grand Master of the State. September 1 to 15 have been set apart for this purpose. Every lodge and every member of the order will be asked to contribute to this most worthy cause.

Mayor January is in charge of the work of soliciting contributions from the individual members of the Paris lodge, and expects to be able to add quite a neat sum to the quota before the drive closes. It is his purpose to see each member of the lodge if possible and offer him an opportunity to have a part in this great work of benevolence.

REAL ESTATE DEALS

Dr. D. S. Henry purchased of Mr. Martin Doyle, of Paris, his stock farm of 280 acres, located on the Paris and Bethlehem pike, near this city, for a price not given out for publication. Possession will be given in March, 1919. Dr. Henry bought the farm as an investment. The farm has for many years been used by Mr. Doyle as a stock farm, and was the home of some of the most noted fleet-footed racers of years ago.

Mr. B. S. Parrish, of near Austerlitz, purchased recently of Mr. William McCabe a farm of 137 acres, located in Woodford county, paying \$41,000 for the place. Mr. Parrish recently sold a farm in Franklin county. He will get possession of the McCabe farm in March, 1919.

Dr. I. D. Best, formerly of Millersburg, purchased of Mr. William Addams, of Cynthiana, his farm of 107 acres, on the Cynthiana and Oddville pike. Mr. Addams purchased Dr. Best's farm of 57 acres on the Millersburg pike. The prices paid were not made public. Both will give possession in March.

JEWISH HOLIDAY.

Our store will be closed Saturday until 6 p. m. on account of Jewish holiday.

THINGS TO WORRY ABOUT

Speaking of non-essentials, conservation of gasoline, suppression of Sunday joyriders, etc., let's place in the front rank those pesky motorcycles, whose unearthly noise awakens the Sunday morning sleeper about five o'clock. Put them in the trenches, right on the firing line!

Statistics show that 75,167,672 gross tons of iron ore were mined in the United States last year.

BAN ON EATS LOOSENED

Regulations permitting the sale of eighty per cent. wheat flour and twenty per cent. substitutes and abolishing wheatless and meatless days has been put into effect in Paris, as well as other portions of the State, beginning Monday, and housekeepers and the eating public generally are rejoicing.

The new ruling really went into effect on Sunday, but advantage of the regulation could not be taken by grocers, bakers and others whose places of business were closed on Labor Day and Sunday.

According to the order of the National Food Administration housekeepers who buy flour that has been mixed by the millers will not be required to buy the substitutes. The list of substitutes sent from Washington contains barley or corn flour, feritferia meal or flour, oats, rice, peanuts, kaffir, bean, potato, sweet potato or buckwheat flours.

Other provisions permit bakers and dealers to carry a sixty-days' supply of flour instead of a thirty-day supply, as was required under previous regulations, and the public to purchase flour in barrel lots instead of observing a twenty-four and one-half pound limit.

FARM FOR RENT.

See advertisement in another column of the farm for rent belonging to W. E. Hibler. The place contains 556 acres and is located near Ewalt's Cross Roads. If interested, address Mr. W. E. Hibler, 312 E. High St., Lexington, Ky. (6-10)

WEATHER CONDITIONS CHANGE.
The almost tropic heat that has held Kentucky in its grasp for some time gave way yesterday to a cool spell, following a heavy downpour of rain. The mercury in the thermometer suffered a relapse from its over-the-top capers and fell several degrees by noon yesterday. Palm Beach and Koolcloths suits temporarily went into retirement, to give way to clothing more suitable to the day, and the householder saw visions of gas heaters and coal fires looming up as a possibility.

—Mr. and Mrs. Morgan West and children, who have been guests of relatives in Central Kentucky for several weeks, left Tuesday for their home in Pueblo, Colo. They were accompanied as far as Louisville by Miss Anna Conway.
—War conditions, the near approach of the school season, the dearth of young society men, young women devoting their whole time to patriotic war work, Red Cross work, etc., have brought social life here practically to a standstill. No social events of any character are on the calendar.
—Danville Messenger: "Miss Sallie and Matt Scott left this morning for Paris, for a visit to their aunt, Mrs. George C. Thompson. They motored to Nicholasville, where they were joined by their niece, Miss Amelia Scott, who accompanied them to Paris. Miss Julia Durham will go to Cynthia to attend Conference and later in the week will go to Paris to visit Mrs. Hinton."
—Mr. A. B. Hancock, of Paris, went to Louisville, Wednesday morning as a member of a committee composed of John W. Stoll, Charles Berryman, Hal Price Headley, L. B. Combs, and himself, from the Kentucky Thoroughbred Horse Association. The committee held an important conference with representatives of the Louisville Chamber of Commerce and the Rotary Club, regarding racing in Kentucky this year.
—Mr. and Mrs. Fred Warren left Tuesday for Cincinnati, where they will reside in the future. Mrs. Warren has for several years been in charge of the box office at the Paris Grand and The Alamo, while Mr. Warren has been connected with the Adams Express Co.'s local office, and later with the Louisville & Nashville railroad. Mrs. Warren has been succeeded in the box office of the theatres by Mrs. Jack Owsley.
—A visitor in Paris this week was Mr. William Strobridge, of Cincinnati, one of the old-time composers who have survived the progress of the printing trades. Mr. Strobridge was "holding down a case" on the old Covington Commonwealth, then owned and edited by Col. Lewis Casey years ago. Fellow-workmen on the same job were George D. Mitchell and Charles D. Webb, of Paris, both deceased, and Will Messick, of Cynthia. This quartet made things hum in their vicinity. Mr. Strobridge, who is now proof-reader with the Western Newspaper Union in Cincinnati, had not been in Paris since 1878.

FORMER PARIS MAN LOSES HIS BAGGAGE.

Quick work by Lexington police recovered a valise and other articles of personal property belonging to Mr. Andrew Gorey, of Covington, formerly of Paris, and which were restored to the owner.
Mr. Gorey, who is a buyer for the J. R. Peed Tobacco Co., came to Lexington on business Tuesday. While making preparations to go out in the county he left his valise and other property in an automobile standing in front of the Phoenix Hotel, while he went inside. When he returned the property was missing. The police were notified, and in a few hours located the goods in the possession of a negro named Chas. Bosworth, claiming Danville as his home. Mr. Gorey identified the property, which was turned over to him. Bosworth was given a hearing in Police Court on a charge of grand larceny, and held to the grand jury.

THE RETIRING FARMER

Comes a story from various sections of the State that farmers are retiring from active tilling of the soil at a much earlier age than has been their custom in bygone years. Most of them are remaining at the old homestead, few are drifting into the villages.

But they are turning over to their boys the active farm work.

And in these localities the reason is no secret.

It is merely an effort to save their sons from the draft.

The public at large will have no quarrel with the farmer for retiring. Generally it recognizes that in the past the farmer has been having rough sledding. And it has no complaint now that he is finally coming into his own, appreciating fully that conditions not of his making, but of world dictation are putting and keeping prices for his products where they are to-day. It may grumble a little, but it will pay the price.

For folks generally are pretty liberal minded.

But unless the retiring farmer does his part in the next Liberty Loan drive, buys Uncle Sam's Liberty Bonds in a measure proportionate to his prosperity, and puts aside all doubt that he is doing his duty to the utmost, there is likely to be a decisive protest against this automatic immunizing of his sons.

For the public has little patience just now with slacking or subterfuge.

It expects every man to do his duty by Uncle Sam.

Not excepting the farmer.

The chap who depends on luck has a mighty fickle friend.

OVER THE TOP WITH THE 1919 WHEAT CROP

"Now is the time to go over the top with next year's wheat crop," says a well-known wheat grower of this county. He says, "The yield of wheat at threshing time is largely determined before ever a seed sprouts. The land should be well plowed early, kept cultivated to conserve moisture and then the very best seed available planted. No diseased seed should ever be planted until properly treated with hot water or formaldehyde to kill smut and other diseases. Wheat must also be well fed. Therefore, haul out all the barn manure that is available. Since manure is low in phosphate acid, the plant-food needed by the wheat plant to produce the grain, it is wise to use 200 to 300 pounds of acid phosphate to the acre if it can be secured. When no manure is used then apply a fertilizer analyzing 2 per cent. nitrogen and 8 or 10 per cent. phosphoric acid."

SPACE WRITERS' OPPORTUNITY.

The local draft boards received a bulletin from Captain F. N. Alderson, of the State Military Census and Enrollment Department announcing a call for eighty-two court reporters to be made shortly by Provost Marshal General Crowder.

Court reporters are needed for overseas service and only white registrants from Group C, are to be accepted. They are to be inducted as privates and in addition to private's pay are to receive 5 cents extra for each 100 words of matter reported.

BUSINESS AND BONDS.

Business is good, thank you. Almost without exception this may be said truthfully of any line.

To-day it is no longer a buyer's market. Just the reverse. The buyer is taking what he can get and is glad to get it. It is a seller's market of the most pronounced sort. And never has there been a greater demand at better prices.

And this despite the fact that nearly ten billions of dollars have been invested in Liberty Bonds and four billions more taken from the public purse by taxation within the last fiscal year.

Never have conditions as a whole been better, the country more prosperous.

Pessimists a year ago predicted the worst of dire results as a consequence of the imperative tremendous sale of Liberty Bonds.

But the savings bank deposits have almost maintained their normal rate of increase throughout the country, although people are spending more money than ever before. And the average man has more of it to spend. His earning power in many cases has doubled.

All of which augurs well for the coming biggest anti-Hun drive of them all.

Folks no longer hesitate to buy Liberty Bonds.

They know they are the safest investment on earth. They know that back of them stands all the wealth of this country. They know that such investments will not adversely affect financial conditions. They know that every dollar so invested not only will stimulate activity, but will insure the continuance of American independence and speed the day of world freedom.

Americans are no longer apprehensive of the Liberty Bond.

They are for it, strongly. So much so that they're already saving up.

WHY DO ALL DOCTORS PRESCRIBE CALOMEL?

Of all the medicines in the world, doctors prescribe calomel most often and depend upon it most universally. There must be a good and sufficient reason—what is it?

If you will study the doctor's books you will find that the medical authorities prescribe calomel for almost every disease. The reason is that calomel is the greatest and only thoroughly system purifier. It makes the liver active, drives out the poisons from the stomach, bowels and kidneys and thereby purifies the blood. Calomel puts the entire system in the most favorable condition for Nature to exercise her recuperative power. Your doctor will tell you that drugs merely assist Nature. That is why he prescribes calomel so often.

The new kind of calomel, called "Calotabs," is refined and purified from all of the nauseating and dangerous qualities of the old style calomel and is rapidly taking its place, for it is more effective than the old style calomel as a liver-cleanser and system-purifier. One Calotab at bedtime, with a swallow of water—that's all. No nausea, nor the slightest unpleasantness. Next morning you awake feeling fine—with a hearty appetite for breakfast. Eat what you please—fruits, acids or anything. No restrictions of habit or diet.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Recommended and guaranteed by druggists everywhere. Your money back if you are not delighted. (adv)

GEORGIA SAMPSON'S STAKE.

There are five children in the family of Georgia Sampson, who washes clothes and windows and floors, to earn a living for herself and the five and to make life rosier for her patrons.

There is no one to help with the living because Jim, Georgia's aimable husband, saw fit to wander too far into the turbulent stream which appealed to his sportsman instincts and it carried him off his feet.

While she was hanging out a line full of snowy-white, wet clothes the other day, her employer was helping her and getting the ever present value of Georgia's conservation at the same time, and the question of household expenses arose.

"It takes right smart lot of hustlin' now," Georgia commented through the clothespins in her mouth, "to do everything that's gotta be done. What with payin' for my Liberty Bonds and buyin' what we gotta eat, it keeps me sure busy."

"That's splendid of you to buy a bond," her companion said. "I know that it must be a good deal for you to try."

"Lawdy me!" she exclaimed. "I got more'n one, and I'm goin' to take another this time. Course, you see, I gotta take more'n some people on account of havin' more children."

"On account of having more children? I should think they would be an excuse for you not to take any."

Georgia stopped hanging petticoats and planted her hands on her hips.

"Why, Mrs. Lewis, I'm surprised. You know what would happen to our children, don't you, if Uncle Sam didn't win this war? Lawdy, it wouldn't hurt me so much, 'cept my feelin's of course, 'cause I won't be here so awful long anyway. But my children! I just wouldn't want to leave 'em on this earth at all, if that there Kaiser won. I should think everyone would feel the same. Sure they do. Well then the more children I got, don't that mean the more I ought to give to help win the war? I got five of my own flesh and blood at stake in this war, even if they are too young to fight in it. I guess that means I'm goin' to give everything I can to Uncle Sam, so he'll win it for 'em, don't it?"

WHAT IS A POILU?

(Ernest Mimmet in the Atlantic)

A humble man, who, one July afternoon in 1914, left at two hours' notice his Parisian shop or workshop, or his ripe wheat fields, or his ripening vines, for a military depot he had never liked and had managed to tolerate only because of soldiering, and all things soldierly, are lovable to the Frenchman, and take on halo in his imagination; was packed to the Belgian frontier; made the acquaintance of danger under all its forms; fought; hungered—hungered and thirsted—for days; knew the trenches when they were in their crudest novelty and were worse than the badger's hole; got wounded, and lay for hours, sometimes days, where he had fallen, or crawled miles to a hurried surgeon, and to the torturing goods trucks pompously labeled sanitary trains; got well, and went back to the depot, and then back to the front and to fighting or being shelled; and so on during four years, with the ever-disappearing certainty that "next winter must be the last," or that the imminent coming in of this or that nation must bring the end.

In one of the largest British munition factories where 35,000 workers are employed, more than 33,000 are women.

Mineral Discovered In Mississippi Has Produced Astonishing Results

By Its Use Vitality is Restored—Rheumatic Pains and Kid-
Trouble Relieved After a Few Doses

In every case where a physician has prescribed this wonderful iron tonic, or when a sufferer has heard of it through a friend or newspaper article, that person's condition has been greatly improved after a few doses.

A certain grocer (name and address on request), of Richmond, to use his own words, "Could hardly attend to business because of the pains in my back and limbs. I always experienced a worn-out and broken down feeling, due, I believe to kidney trouble and ad-

vanced age, as I am sixty-eight years old. However, to make a long story of suffering short, I heard of the wonderful iron tonic A-I-M (Acid Iron Mineral), and decided to try it. So astonishing were the results that I am now well and hearty, eat anything I wish, sleep well, and my weight has been increased twenty-two pounds in six months' time. I only wish that other sufferers knew the benefit to be derived from A-I-M."

For building up weak, nervous, run-down people, Acid Iron Mineral is, undoubtedly, the best iron preparation known to the medical fraternity. It is powerful in iron, the greatest blood purifier and strengthener known. Taken as prescribed, it builds up the body as nothing else can.

Acid Iron Mineral is on sale at Brooks & Snapp's drugstore, or will be mailed you direct by the Ferrodine Chemical Company, Roanoke, Va., 50c and \$1.00 bottles. (adv)

GERMAN VIEW OF CHRISTIANITY

Frederick Wilhelm Nietzsche was one of the most noted of modern German philosophers. How much has his philosophy affected the views and character of the Germans of to-day? Is not the answer written in the blood of the women and children, the old men of occupied France and Belgium? Are not the Lusitania victims witnesses to German adoption of Nietzsche's faith?

Here is his indictment of Christianity:

"With this I conclude, and pronounce my sentence: I condemn

Christianity. To me it is the greatest of all imaginable corruptions. The church is the great parasite; with its anemic idea of holiness it drains life of all its strength, its love and its hope. The other world is the motive for the denial of every reality. I call Christianity the one great curse, the one great intrinsic depravity, the one great instinct of revenge, for which no expedient is sufficiently poisonous, secret, underhand, to gain its ends. I call it the one immortal shame and blemish upon the human race."

CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have all ways felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic. (sept-adv)

The Communication Army

A bird's-eye view of the country today would show a mighty panorama of military and industrial activities.

Radiating from the National Capitol and from the army and navy centers throughout the land would appear the thousands of telephone lines by which all these vast enterprises are directed and co-ordinated—a veritable maze of wires linking together the camps, yards, fortifications, plants and offices, and swarming with linemen, cablemen and installers, busy with Uncle Sam's existing and ever-increasing demands for telephone service.

All this is but a part of the vast work which the Bell system is doing, but among the unforeseen conditions which the war has imposed upon us is the necessity of practically suspending the commercial development of our business.

Confronted with an abnormal increase in the use of the telephone and an unprecedented demand for new and additional service, we cannot accept or fill orders except subject practically to an indefinite delay. This situation is due to the importance of conserving our supplies so that the government's requirements may be promptly met at any time a request is made.

At a time like this, we believe the public will appreciate a frank statement of the situation and will join us in our efforts to serve the government first and efficiently.

BUSINESS ADJUSTING ITSELF TO THE WAR STRAIN.

One of the most interesting and important developments in the United States at the present time is the manner in which commerce and industry are gradually adjusting and tensing themselves under the full load of the war strain; curtailing activities here, speeding up there, and reaching out to some points, under the pressure of new needs, to create entire new industries. In industry the resources of the United States are being searched as never before to meet the new demands, and mineral wealth which has always been there against the time of need, but never before called upon, is being developed, while in commerce new processes, new economics and new efficiency, involving no new discoveries, but latent possibilities in time of peace, are being permanently added to the wealth of the nation under the pressure of unprecedented demand.

The whole process is too vast and varied to be seen clearly at one time, but there are several means by which occasional glimpses can be gained. One of these is by the reports of the department of the interior on the mineral resources of the United States, which continually describe the development of new mining activities in metals and chemicals, whose deposits have been known for years, but whose possibilities had not been fully recognized. Another is in the pages of the various technical journals, in which, every week, there is at least one story of a new commercial or industrial idea which has been added to the national machinery.

FERTILIZER SITUATION

The Food Administration through the State Council of National Defense is endeavoring to increase the wheat acreage of Kentucky during the coming year. The likelihood of increasing the wheat acreage more than 5 to 7% is uncertain and an increase of total production, therefore, depends quite materially upon increased production per acre.

In this connection farmers will require immense quantities of fertilizer of the phosphate variety suitable for increasing the yield of wheat. The fertilizer situation at the present time is such that farmers should not delay in placing their orders with manufacturers or manufacturers' agents for the earliest shipment of fall fertilizer.

Available supplies of fertilizer carried over last year are very small and for that reason manufacturers will be dependent almost entirely upon this year's production for the filling of fall orders. Those who give in their orders early will have the best chance to secure well cured fertilizers and avoid the unsatisfactory handling qualities of newly manufactured goods. Orders for fertilizer should be made up in carload lots wherever possible, the minimum size cars being 33, 44 and 66 tons.

Owing to the high price of material for making cotton and burlap bags the Department of Agriculture suggests that fertilizer be shipped in 200 lb. bags in order to conserve material. Not only are burlap bags scarce, but the jute from which they are made is imported from India and the shortage of ships has materially interfered with the supply. A great shortage of ships has materially interfered with the supply. A great shortage of burlap would severely handicap the movement of fertilizer to the farm since the need of food containers would receive first consideration.

Knowing these facts every patriotic farmer will gladly co-operate by using larger bags.

Some fertilizers not containing acids, such as basic phosphate can be handled in bulk, and this usually results in saving two to four dollars per ton. This method can be followed where farmers have cars shipped to a club or group and can arrange to call for the fertilizer with their own containers.

THE BATTLE AGAINST HUNGER.

"Starvation has killed 4,750,000 people since the outbreak of the war—250,000 more than have died on the battlefields. It is the farmer's special task to hold the line against hunger and starvation, a task that calls for our fullest measure of courage and devotion," says the Prairie Farmer. This means the growing of the largest possible number of bushels of wheat next year. Now is the time to determine next year's harvest. Next year's crop will depend upon how well the ground is prepared, good seed free of disease used and properly fertilized with manure and commercial fertilizer.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

LIBERTY LOAN INTEREST RATE

Secretary McAdoo has definitely announced that the Fourth Liberty Loan bonds will bear 4 1/4 per cent. interest.

The Secretary has been insistent that the Government interest rate should be stabilized at 4 1/4 per cent. He points out that a raise in the rate of interest of only one-fourth of 1 per cent on \$10,000,000,000 of Government bonds would mean an annual increase of \$25,000,000 in interest charges, and that this money would have to be raised by increased taxation and paid by the people of the country. It would not be paid by one class only, because there are consumption as well as other kinds of taxes, and the consumption taxes reach every class of people.

"As an intelligent people," said Secretary McAdoo during the Third Liberty Loan campaign, "we should now make a stand for the financing of our Government during the period of this war at a stabilized rate of interest, say at 4 1/4 per cent. per annum, so that all business and all investments may be adjusted to that basis, and so that we ourselves may protect ourselves against successively increased rates of interest on Government loans."

Neither our patriotism nor our support of the Liberty Loans are measured in fractions of per cent.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on Mucous Surfaces of the system. DEATHS.

LYDICK.

—Paris and Bourbon county people well remember Mr. A. W. Lydick, the well-known auctioneer, whose death occurred at his home in Cynthiana last Sunday afternoon, after a long illness due to the infirmities of age. Mr. Lydick had lived a long and useful life, and was highly respected by all who knew him. In his capacity as auctioneer he was a frequent attendant at the court days in Paris, and was personally known to all the prominent stockmen of his day.

He was a native of this county, having been born near Riddles Mills on June 11, 1836. He was the son of the late Jacob and Mary Lydick. He is survived by two sons, Clifton S. Lydick, of Stroud, Okla., and Wm. L. Lydick, of Cynthiana, and three daughters, Mrs. Meddie Cook, of Bardstown, Ky., Mrs. Lena Ammerman, of Chicago, and Mrs. Harry Van Deren, of Cynthiana.

The funeral was held Wednesday afternoon at three o'clock, at the residence of his son-in-law, Mr. Harry Van Deren, in Cynthiana, with services conducted by Rev. J. D. Armistead, pastor of the Cynthiana Christian church. The burial followed on the family lot in Battle Grove Cemetery.

MATRIMONIAL.

—A marriage license was issued Tuesday from the office of County Clerk Pearce Paton to Mr. Claude D. Mann and Miss Lorena Collins, both of this city.

KENTUCKY CONFEDERATES TO MEET AT STATE FAIR.

With the announcement of a meeting of the Kentucky division U. C. V. for September 12 at the State Fair at Louisville was made the announcement that the veterans would be admitted free to the fair September 9, to 14. The official announcement follows:

"Frankfort, Ky.
"Attention Confederates:
"The Kentucky Division, U. C. V., will meet at 11 o'clock a. m., September 12, 1918, on the State Fair grounds at Louisville. Election of division and brigade commanders will take place, and any other business transacted that may be necessary at that time. All members of the organization are urged to attend.

"The division is invited to hold this meeting at the above named time and place by the State Secretary of Agriculture, Hon. Mat. S. Cohen, and by his order your uniform, Confederate button, or camp badge, will admit you free to the fair grounds every day of the fair from the ninth to the fourteenth of September, inclusive.

"W. J. STONE,
"Maj. Gen. Commanding Kentucky Division, U. C. V.
"W. A. Milton, Colonel and Chief of Staff."

STANDARDIZED ARMS GIVE US ADVANTAGE

Twenty-eight different models of pistols and revolvers, requiring cartridges of four different sizes, are in use in the German Army, according to the Army "Verordnungsbatt." The American troops have one model pistol and one model revolver, both shooting the same caliber ammunition. Standardization gives the Americans an advantage in this regard.

The United States also has standardized its rifle. Both the model 1917 and the Springfield shoot the same caliber ammunition. Army, Navy and Marine Corps use the same rifle and revolvers.

TREASURER ANNOUNCES THE STATE FUNDS ON HAND.

State Auditor Greene on Wednesday announced the amounts on hand in the different funds of the State government as of September 1. They follow: General expense fund \$715,513.33; school fund \$295,822.27; sinking fund \$11,141.41; State University fund \$4,082.20; road fund \$32,158.10; Eastern Kentucky Normal School \$1,457.93; Western Kentucky Normal School \$6,530.69; balance in Treasury \$1,066,723.93. The outstanding interest-bearing warrants amount to \$4,924,922.26, as compared to \$4,914,100.28.

STOCK, CROP, ETC.

—At their stock barns on South Main street, Monday, Caywood & McClintock sold over 300 breeding ewes to Bourbon county farmers at \$18.50 per head.

—Mt. Sterling Advocate: "Mr. J. M. Hutsell bought two fine jacks from Mr. Jesse Turney, of Bourbon county, Monday. Both are very fine animals and brought exceedingly fancy prices. Mr. Hutsell is perhaps the owner of more jacks than any stockbreeder in Montgomery county."

—The Farmers' Home Journal's special correspondence has the following in regard to the tobacco crop in this county:

"Three weeks of hot weather had a telling effect on tobacco in Bourbon county. Hot days and hot nights blistered the late tobacco and the damage so far will mount into the thousands of dollars. Much tobacco is being cut before ripening in order to escape firing. The greater part of the county will have good corn and tobacco because it was planted early and when the heavy July rains came sufficient moisture was stored up to complete maturity. There are fields of tobacco as good as have been produced in years, others are fair to good, while the late planted tobacco is drying up in the fields."

The great bulk of the poultry and egg consumption each year in America is the product of poultry flocks managed by women.

TWO BOURBON FARMS HAVE UNIQUE DISTINCTION

Investigators digging into local conditions in Bourbon have unearthed the remarkable fact that there is in the county two farms that are, as far as land boundaries are concerned, practically isolated. These farms are those owned respectively by Mr. W. F. Turner, near Paris, and one of about one hundred acres belonging to Mr. B. B. Marsh, on the Peacock pike. Neither farm is joined by any other body of land, and they are only about a mile apart. Both are bounded by the L. & N. railroad, by Stoner Creek and by the Peacock turnpike. There are no other farms in the county so situated as far as can be learned, and they remain alone in their unique distinction.

OUR KASH!

The Mt. Olivet Democrat says of a well-known Paris citizen:

"Kash Crow, of Paris, brought two wagonloads of watermelons from Charleston Bottoms into Mt. Olivet last last evening and soon had an interested crowd around the wagons. The melons went like hot cakes, at prices ranging from 25c to 75c."

HELP! HELP!

Weeds and a rank growth of grass on Third street near the L. & N. railroad tracks have attained such a height and density that the street approaches are almost lost. On a dark night it is almost impossible to find the pavement on the right going out Third street to Vine. Help, please!
